Hi S22

Attached is the Draft Schedule 3 Contract for your info. S47E - I've emailed S22 asking him to create a Service Ticket attaching the Final Contract for you to review - I have also asked the question re Total Cost as the Work order quotes S47, S47G, S47E monthly charges.

So please do not process the attached Work Order - I am sending just for your info at this stage.

regards

Could you please chase down both the head agreement and the services catalogue for the DTA Cloud Services Panel (they should be accessible on Govdex). The attached order looks pretty good, but we need to ensure MacTel are actually contracted for the services. If they are not included on the services catalogue then the terms of the Deed would not offer the contractual protection we will require. It is likely they are but we need to check anyway.

Many thanks

Hi S22

Could you please have a quick look at this work order for a cloud service (SigBox) provided by Macquarie Government. The service is offered under the DTA Cloud procurement panel (so I'm hoping most of the contractual issues are already covered). The platform is certified by ASD for content classified up to Protected level - S47E [REDACTED].

Hi S22,

I have confirmed that SIGBOX is hosted in our *GovZone (Secure Cloud)* which is Classified Protected (as listed on the ASD website).

Attached is the panel work order for ABS to execute when you are ready to go ahead.

Any questions give me a call.

Cheers,

hi [REDACTED]

Thanks for sending this through - I was going to send you a follow up about this one! I will review the Spending Proposal asap and get back to you. Did you have a quote from Macquarie Telecom that you can send me? Or did you get the pricing via the panel information?

If you have any queries please let me know. Thanks!

Regards
