

YOUR TIME TO MAKE A DIFFERENCE FOR YOUR COMMUNITY

The Census is in July and August 2016.

The Census counts every person – adults and kids – and homes.

It collects important information that is used to allocate services and funding in your community.

This can be used to see what we need, like houses, schools and health clinics. It also tells us where we need them most.

Information you provide in the Census is kept private and the ABS does not share your information with anyone.

For more information ask Census field staff who will be visiting your community.
